

Camden County Regional Chamber of Commerce

2020 SPONSORSHIP OPPORTUNITIES

Dear Member:

Sponsorship of one or more Chamber programs or events can accomplish objectives that provide a mutual benefit to both the Chamber and the sponsoring member.

Each year, the Chamber of Commerce organizes a variety of events designed to accomplish two primary goals:

-To create effective and well-attended venues for business to business networking that results in our membership having the opportunity to add clients to their base and income to their bottom line.

-To offer well-attended business events that provide broad exposure for companies to profile products, services, strategies, and competitive differences among the business and entrepreneurial community.

In order to allow time for planning and to outline the full range of venues available, we offer the following menu of sponsorship opportunities for your review. We will make every effort to deliver each event in a timely and professional manner to assure that you get the proper value for your sponsorship dollar.

Sincerely,

Board of Directors
Camden County Regional Chamber of Commerce
